If you have any creative ideas of your own which you would like to do one week instead of doing one of the projects that's great. Any word processing and other ICT based learning needs to be uploaded onto your Hwb folder. Your child can go on to <https://hwb.wales.gov.uk/> and log in on the top right. Once they have logged in click on j2e on the top right. Select the upload button to share homework, alternately select the JiT program. Once you are on JiT you can select different activities to do on the top right. Please give your child the opportunity to have a go on the different programs that Hwb has to offer.

I look forward to seeing your wonderful creations! Mrs Conlin
